## SOURCE

No aircraft were observed in the GRUANA (N 53/E 69) area on 30 June 1949. Local residents stated that individual biplanes landed near GRUENA in connection with 1948 Soviet tank troop maneuvers at the JULTLABOG troop training grounds. The training grounds is located along the RR line, 330 feet west of GRUENA.

25X1A

Jomment: The above statement is considered credible since the existence of an sirfield near JRUANA has not been reported by any other source.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.

Next Review Date: 2008
